With Spring Semester at a close, HEOP students have finished strong with one of the toughest semesters yet!. Although this was a hard one students of HEOP were able to have entertaining and educational events throughout the semester. This allowed students to not only have a slight break from the stress of classes, but to come together and build the strong community HEOP have always had!

Class of 2027 Motto

Ambition defines the HEOP college students, who strive relentlessly to pursue higher education. With hard work and determination, we have secured financial and academic support to aid our journey through college. The financial assistance covers essential expenses like tuition, transportation, and textbooks, making it easier for us to focus on our studies. To excel academically, we make good use of tutoring services provided by HEOP.

The moon and stars symbolize our lofty aspirations as we refuse to settle for anything less than our fullest potential. As a diverse and creative group, our various majors showcase our passion and dedication to success. We are fearlessly exploring different paths to achieve our dreams. Setting no boundaries on our goals and career expectations, we take pride in being a unique and ambitious community of college students.

INAUGURAL HEOP SPEAKER SERIES FEAT. ANTHONY LOPEZ.

The experience

Anthony Lopez is an HEOP alumni who came to speak to HEOP students about his experience at Marymount and life after college. He was able to give us real talk about what its like after you graduate and encouraged us to never give up even when things get hard! His speech was followed by a current student Anthony Pichardo who made a moving poem about what HEOP means to him.

Student Testimonials

"To learn about his journey was motivational. It helped me believe that as an immigrant, I can make it too and if we can get more connections like this, it will be helpful." - Jose Sanchez Acosta
